Jumpers | 10 pieces

Product Images

Short Description

With these jumpers, you can fill up the empty terminals in your series connector. The jumpers are delivered in packs of 10.

Description

Do you have a BAS, Somfy IO, or RTS porch set? Then you also have a LED transformer with a series connector. In all connections of your series connector where there is no LED spotlight, you need to plug in a jumper. The jumpers are delivered in packs of 10.
