

Hamulight LED transformer | 4 watt | 700 mA

Product Images

Short Description

The Hamulight LED transformer of 4 watts and 700 mA supplies every recessed spotlight (except the Granada) in the range with the correct current.

Description

Do you need a small and silent transformer for your recessed spotlight? Then this transformer is exactly what you are looking for. This 700-milliampere transformer is equipped with a coupling piece that you should attach to your spotlight. The blue and brown cable should be connected to the 230-volt power cable.

Please note: this transformer is not suitable for the Granada recessed LED spotlight.
