

Cree LED floor lamp Silves | warm white | 2 x 2 watt

Product Images

Short Description

The Cree LED standing light Silves is suitable for illuminating a walkway or driveway. But you can also use this lamp to illuminate plants. There are 2 built-in spots of 2 watts each in this lamp. The Silves standing light operates on 230 volts.

Description

Would you like to light your driveway, a path, or several plants? Then this energy-efficient standing light is for you! This stylish lamp is 70 cm high and emits a pleasant warm white light (2700k). In the upper part of this lamp, there are 2 LED spots of 2 Watts each. The standing lamp is powder coated and has an IP value of 65 (IP65). This indicates that the lamp is weatherproof and suitable for outdoor use.

The lamp comes with a 40 cm long 3-core cable that you need to connect directly to a 230-volt power cable. This can be done with our waterproof cable connectors. You can find these in the accessories section of this product. Would you like to make this lamp smarter? This is possible with a motion detector or a twilight switch. You can order them both on our webshop.

Tip: Make a light plan for your garden and find out which types of garden lighting you can combine to beautifully light up your garden.

For more product information, please contact our LED specialists, or take a look at the product specifications of the Silves standing light. Perhaps that will answer your question.
