

Cree LED recessed spotlight veranda Aragon ab | warm white | set of 6, 8, 10 or 12 pieces

Product Images

Short Description

This AB set of Cree LED recessed spotlights from the Aragon series is specially designed for porches. This set is available with 6, 8, 10 or 12 dimmable recessed spots of 3 watts. A Hamulight remote control and parallel transformer with connector are also included. This is a suitable set for wooden and aluminium porches.

Description

The stylish recessed spots in this set have small dimensions. As a result, they fit on almost any porch. The recessed dimension of the spots is 28 mm, the height 20 mm and the diameter 33 mm. With their warm white (2700k) light, these spots ensure that your porch is pleasantly lit. Each recessed spotlight comes with a 5-meter cable. This cable is double insulated to protect against cable breakage and damage.

You can switch the recessed spots on and off using the Hamulight remote control. The remote control is supplied as standard, including batteries, holder and mounting material. The included transformer ensures that the incoming 230 V is converted to low voltage and the recessed spotlights have to be plugged into the parallel connector.

Don't know yet how you are going to hide the transformer and connector? Then a wall box is a nice and safe way to do this. And is the 5-metre cable not long enough? You can extend the cables with one or more extension cables. And consider a hole saw (size 28 mm) for making perfectly sized holes. All these accessories should be added separately to your shopping basket.

Tip: make sure you can still easily reach the transformer and connector after mounting this set.

The spotlights in this set are covered by a 3-year guarantee. Do you need more than 12 recessed spots to light your porch? Of course, you can! Ask our LED specialists for advice on how best to go about this.

Additional Information

Article number	L2179
EAN code	7435124518590
Brand	Hamulight
LED chip	Cree
Spot color	Aluminium
Suitable for	Inside & outside
Consumption	3 watt
Input voltage	230V AC
Light color	Warm white (2700K)
