

Cree LED recessed spotlight veranda Toledo black io | tilttable | warm white | set of 6, 8, 10 or 12 pieces

Product Images

Short Description

This Somfy IO set with black Cree LED recessed spotlights from the Toledo series is the ideal addition to your porch. This set is available with 6, 8, 10 or 12 black LED built-in spots of 3 Watts with Somfy IO serie LED transformer and a serie connector. The recessed spots are tiltable and dimmable. This set is suitable for wooden and aluminium porches.

Description

The Cree LED recessed spotlights of Toledo are dimmable and tiltable. The warm white (2700k) light beam can be directed to the desired location on your porch. All recessed spots are equipped with a 5-meter cable. These cables are double insulated, so the chance of damage and cable breakage is small. The recessed lights have a build-in dimension of 42 mm, a height of 36 mm and a diameter of 50 mm. The black recessed lights have a stylish look, making them suitable for every porch.

The recessed lights of this set can be controlled with a Somfy IO remote control. This has to be ordered separately via our website. This also applies to the Somfy IO LED receiver. You need this receiver to communicate with Somfy IO. Do you already have a multi-channel Somfy IO remote control and do you have a channel left? Then you can also use your current Somfy IO remote control to control this set. You still need to order the Somfy IO LED receiver.

Are you convinced by this Somfy IO set and do you want to place an order? Then also check out the handy accessories for this set. A hole saw (size 42 mm) can help you make holes in the beams of your porch. An extension cord offers help if you have too little cabling. And do you not know where to put the transformer with a connector? Then order a wall box as well. This allows you to hide the transformer safely and beautifully.

Tip: don't forget to add the Somfy IO 5-channel remote control and the Somfy IO LED receiver to your shopping basket.

You benefit from a 3-year warranty on the recessed spots of this Toledo IO set. Are 12 recessed spots not enough on your porch? Then feel free to contact us and we will advise you how to best do this.

Additional Information

Article number	L2242
