

Cree LED surface mounted spotlight veranda Gomera io | warm white | set of 6, 8, 10 or 12 pieces

Product Images

Short Description

This IO set with Cree LED surface-mounted spotlights from the Gomera series is suitable for verandas and canopies. The spots are available in sets of 6, 8, 10 or 12 LED spots of 3 Watts. A Somfy IO serie LED transformer with a serie connector is supplied as standard. The spots are dimmable.

Description

The Gomera LED spots have a diameter of 33 mm and a height of 21 mm. The spots are all IP-44, which means they are sufficiently protected against dust and splash water. Ideal for use on a porch. Each spotlight comes with 5 metres of cable. This allows you to easily lay the wiring of the spots to the connector and plug them in.

The spots in this set can be controlled with a Somfy IO remote control. This has to be ordered separately from our webshop. This also applies to the Somfy IO LED receiver. You need this receiver to communicate with Somfy IO. Do you already have a multi-channel Somfy IO remote control and do you have a channel left? Then you can also use your current Somfy IO remote control to operate this set. You still need to order the Somfy IO LED receiver.

Are you interested in this set? Then don't forget to have a look at the accessories of this set. You can extend the 5-metre cable per spotlight with an extension cord. And would you like to hide the transformer and connector nicely and watertight? Then our wall boxes are very handy.

Tip: don't forget to add the Somfy IO 5-channel remote control and the Somfy IO LED receiver to your shopping basket.

The surface-mounted spotlights in this Somfy IO set carry a 3-year guarantee. You can find more details in the product specifications. Still have questions? Please contact us and we will help you. It is also possible to order more than 12 surface-mounted spotlights for your porch? Just ask our LED specialists for advice. They can advise you on how best to go about this.

Additional Information

Article number	L2219
EAN code	7435846960936
