

Cree LED recessed spotlight veranda Pals black io | warm white | set of 6, 8, 10 or 12 pieces

Product Images

Short Description

This Somfy IO set of dimmable Cree LED recessed spotlights from the Pals series has a stylish black colour and is specially designed for porches. This set consists of 6, 8, 10 or 12 black LED recessed spotlights of 3 Watts, including a corresponding Somfy IO serie LED transformer with connector. This set is extremely suitable for wooden porches, but can also be used for aluminium porches.

Description

The black Pals LED recessed spotlights have a low height (30 mm), small built-in dimension (30 mm) and suitable diameter (38 mm). With these dimensions, it is possible to easily install these Pals spots on almost every porch. The recessed spots all have a 5-meter long single-insulated cable. The advantage is that the cables are thinner, so there is no need to drill large holes in the beams of your porch. This will not affect the solidity of your porch. Because of the thinner cables, this set is extremely suitable for wooden porches, but it can also be mounted well in aluminium porches.

To combine this set with Somfy IO, you need to add the Somfy IO LED receiver to your shopping basket separately. This also applies to the Somfy IO 5-channel remote control. With this remote control, you can switch the spots on and off and dim them to the desired setting. Do you already have Somfy IO-controlled equipment in your home and do you operate it with a multi-channel remote control? Then you can also use your current remote control to operate this set. However, you still need to have a Somfy IO LED receiver.

Are you interested in this set? Then don't forget to look at the accessories for this set. For example, a hole saw (size 30 mm) can help you mount the spotlights, and if there is not enough cabling, an extension lead is a good idea. Would you like to hide the transformer and connector nicely and be watertight? Then our wall boxes are highly recommended!

Tip: don't forget to add the Somfy IO LED receiver and, if required, the Somfy IO remote control to your shopping basket.

The recessed spotlights come with a 3-year guarantee. Would you like more information about this set? Then take a look at all the product specifications of this set and watch the product film. Do you need more than 12 spots on your porch? Ask our LED specialists for advice on how best to go about this.

Additional Information

Article number	L2228
