

Hamulight LED transformer | 4 watt | 350 mA

Product Images

Short Description

The Hamulight LED transformer of 4 watts and 350 mA ensures that your Granada recessed spotlight or staircase lighting is supplied with the correct current.

Description

Do you need a separate transformer for your Granada recessed spot or one of our staircase spots? Then this is the transformer you need! This 350-milliampere transformer is equipped with a black coupling piece that you click directly onto your spotlight. The brown and blue cable should be connected directly to a 230-volt power cable.

Please note: this transformer is not suitable for the Bilbao staircase lighting.
