Short Description

The 5-channel Somfy IO remote control is ideal to combine with our Somfy IO veranda sets. For example, you can also use this remote control to operate your Somfy IO-controlled sun blinds and shutters. Wall bracket and batteries are supplied as standard.

Description

With this 5-channel Somfy IO remote control, you can operate the LED spots from our Somfy IO sets. As this is a 5-channel remote control, you can use the other channels to control for example Somfy IO blinds or shutters. So, you can operate multiple Somfy IO-controlled devices with this remote control.

Please note: To be able to operate the LED spots from the Somfy IO set with this Somfy IO remote control, you also need to order a Somfy IO LED receiver.
